

NEW DESIGN

Base Layer Top

1284

Available in Navy Melange. Size: XS-XXL

Ideal for:

Sailing

Paddlesports

Outdoor
Lifestyle

The right layers make all the difference to your on-the-water experience. This moisture-wicking, high-stretch Baselayer Top is the foundation to any outdoor layering system. This midweight thermal Baselayer is made with wicking fibres and is super soft next to the skin. Our recycled polyester blend is brushed for thermal performance and comfort, and the garment is fitted for ease of layering and features articulated construction for freedom of movement.
